**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need more broadband competition, not less. Even today, there are very few choices for broadband, which drives up the cost, and for many, limits access. Broadband internet is essential from children doing their homework, to small business trying to streamline their process to compete.

Please keep encouraging broadband competition so that we stop falling behind in global education and the global economy.
